Community Gardens Internship: Summer 2017

Garden City Harvest’s Community Garden Program is currently seeking an individual to assist in building community through agriculture at our ten Community Gardens. This program supports over 350 garden plots and one therapeutic hospital garden; providing healthy community spaces, tools and essentials for Missoula residents, families, and groups to grow their own food.

Details:
- Position will begin early April and continue through early November (weather depending)
- 6-10 hours/week, tapering early and late season
- This is an unpaid internship

Duties:
- Assist with various Community Garden tasks and projects as necessary
- Assist with planting, general upkeep, and harvesting of vegetable gardens
- Help to enhance the therapeutic use of a hospital garden
- Help plan and facilitate community events at the Community Gardens
- Work with various groups of people at the gardens; plot holders, staff, volunteer groups, hospital patients and staff, and others

Requirements:
- Must be dependable and able to establish a regular weekly schedule
- Great communication skills
- Comfortable working outdoors in all weather conditions
- Ability to perform moderately strenuous labor, including lifting up to 50 lbs.
- Ability to work well with varying groups as well as independently
- Knowledge and experience with sustainable gardening practices is preferred, though not required

Interested?

Please send your resume and any questions to Patrick Long at Patrick@gardencityharvest.org, by Friday March 17.
