

## DR. JORDAN LEWIS

*“The future gives me strength today: The role of generativity as a protective factor for health disparities among Alaska Native Elders”*

## AI-AN CTRP SPEAKER EXCHANGE PRESENTATION

### About the Presenter

Jordan P. Lewis, CPG, MSW, PhD (Aleut, Native Village of Naknek) is an Associate Professor for WWAMI School of Medical Education at University of Alaska Anchorage. Dr. Lewis was awarded a Development Project Award in 2016 by the American Indian-Alaskan Native Translational Research Program. His funded project focused on an exploratory study of Alzheimer’s Disease and related disorders among Alaska Natives in rural and urban settings.
