The overall cumulative GPA must be at least 2.75.
The overall cumulative GPA for all courses in Part (B) must be at least 2.75.
(E) Scheduling Recommendations
- Because not all courses are offered every semester, and because some courses must be taken before others, carefully plan with your advisor which courses to take when, as soon as you finish Calculus II. It is recommended to use the Math-Ed Course Planning Guide.
- It is recommended to take M 221 before M 307. But take M 307 early since it is a prerequisite for M 326, 429, 431 and 439, which are not offered every semester.
- It is recommended to take M 326 before M 431.

(F) Some Other Important Requirements
- **Traditional Letter Grade Requirement:** All courses listed on this worksheet must be completed with a traditional letter grade of C- or better.
- **Math Residency Requirement:** Among the upper-division M and STAT courses taken in Part (B), at least 4 must be taken at UM-Missoula.
- **Petitions** for substitutions or waivers of departmental requirements must be approved in writing by the Math Department’s Associate Chair for the Undergraduate Program; denied petitions can be appealed to the Math Department’s Undergraduate Committee.
- **Transfer Courses:** Petitions to substitute transfer courses for upper-division M and STAT courses listed in Part (B) are usually only granted subject to the following requirement: In addition to M 307, the student needs to take at least 6 upper-division M or STAT courses listed in Parts (B) or (C), with at least 3 at the 400-level.

Advising Highlights from the UM Catalog
Here is a small selection of particularly important rules from the 2017-2018 Catalog. For links to the requirements, visit [http://hs.umt.edu/math/undergraduate/majors/advising/advising-highlights.php](http://hs.umt.edu/math/undergraduate/majors/advising/advising-highlights.php).

Credit Load
The maximum credit load is 21 credits per semester; the minimum full-time load for undergraduate students is 12 credits per semester. (To earn 120 credits in 4 years, students should take about 15 credits each semester.)

Requirements for a First Bachelor Degree
- 120 credits total are required for most B.A. degrees.
- **Credit/No Credit Grading** (CR/NCR):
  - A maximum of 18 "credit/no credit" credits are allowed.
  - Courses taken to satisfy General Education Requirements must be taken for traditional letter grade.
  - Courses required for the student's major or minor must be taken for traditional letter grade.
- **Transfer Students:** If you transfer more than 27 semester credits at the time of your initial registration at the University you are exempt from the requirement to take an Intermediate College Writing course.
- **Residency Requirements:** Of the last 45 credits required for the degree, at least 30 must be earned from UM-Missoula.
- **Undergraduates in Graduate Courses:** only post-baccalaureates and seniors having a GPA of 3.0 or greater may, with consent of instructor, enroll in 500-level courses (for undergraduate credit).

Graduation:
- You must submit your Graduation Application nearly 2 semesters before your expected graduation date.
- Aim high! Look at the rules for Graduation with Honors or High Honors.
