

Undergraduate Research Project Description and Evaluation Form

Students applying for an Undergraduate Research Scholar Award must find a tenure track faculty member of the Department of Mathematical Sciences willing to be their research advisor. The research advisor develops a research project together with the student. This form must be filled out by the research advisor, and returned to the department office by the deadline for undergraduate scholarship applications. In addition, the student must submit the departmental Scholarship Application and a research proposal (½ - 1 page). For further details, see the description of the Undergraduate Research Scholar Program.

Name of the Research Advisor: _____ **Date:** _____

Name of the Student: _____ **Student ID#:** _____

The project will be done during the following semester(s): **Autumn** _____ **Spring** _____

Note: For two-semester awards, the second semester is subject to satisfactory progress as judged by the research advisor (who needs to communicate this to the chair of the department at the end of the fall semester).

(1) Please describe the research project:

(2) Please comment on the student's qualifications, and the likelihood of successful completion of the project:

(3) Please explain how you will supervise the research project: (e.g., weekly meetings)

(4) Other comments:

Signature of the Research Advisor: _____
